David Shuey

ZONING INSPECTOR

Rhonda Painter

## From your Road Superintendent

Fall has arrived. Soon the leaves will turn, and then they will be falling. Please remember to remove your leaves and yard waste from your ditches to avoid winter drainage problems. Snow is coming soon. Here are some things to keep in mind when snow falls:

- Never park your vehicle on the road during a snowstorm. This can create a traffic hazard for the snowplow operators. It could result in that section of roadway not being plowed. Please move your vehicles into your driveway during a snowfall.
- Check your mailbox to make sure it's not extending over the road edge and make sure it is in good shape with no rotten wood so it can withstand the hit of snow coming off of the plows.
- Please take your trash cans in from the street as soon as possible after your trash has been picked up so streets can be cleared of snow.
- Never push snow from your driveway into the street, especially after the roads have been plowed and salted.
- Please be considerate and give the snowplow trucks plenty of room.
- When bad weather hits, plan your trip to allow for extra time.

Thanks for your cooperation! As always, I'm available to answer your questions or address your concerns at 372-0859, 8 Brush Row Road.

David Shuey
